# BUILT TO PROCESS, ENGINEERED TO PERFORM.

Since 1999, Commonwealth Equipment has been the power behind the toughest crushing and screening operations across the eastern United States. We are your material processing equipment dealer, built on grit and performance, delivering high-powered machinery and relentless customer support to industries from construction to recycling.

With decades of know-how, our team tackles every challenge head-on, maximizing your productivity and slashing downtime. Whether it's new gear, used machines, or a full line of parts ready to roll, we keep your operation pushing forward.

We don't just sell machines.  
We're in this with you.

# LIPPMANN

## PERFORMANCE AND RELIABILITY SINCE 1923

For over a century, Lippmann has been the trusted name in crushing, screening, and stacking equipment for the aggregate, mining, and recycling industries. Renowned for their robust and reliable machines, including the legendary Lippmann jaw crusher, they deliver unmatched performance in the toughest environments.

Whether standard or custom-built, Lippmann's equipment is engineered to handle the heaviest applications, ensuring years of dependable service and driving success on every job site.

# BUILT TOUGH FOR SUPERIOR MATERIAL HANDLING

Kafka Conveyors excel in providing rugged, custom-designed conveyor systems built for the toughest material handling jobs. From portable and stationary conveyors to feeders and overland systems, Kafka's equipment is engineered for maximum mobility and performance. Serving industries like mining, aggregate, and recycling, their solutions streamline transport and boost productivity in heavy-duty applications.

With a commitment to reliability and customer satisfaction, Kafka creates customized systems to meet the demands of every operation.

## RELIABLE. READY. FAST.

- ✓ On-site & in-shop repairs
- ✓ 5 fully equipped service bays
- ✓ Full machine rebuilds
- ✓ Large inventory of wear parts
- ✓ Fast shipping & expert support

## AND THE PARTS THAT POWER THROUGH

At Commonwealth Equipment, our Service and Parts departments work hand in hand to keep your equipment running at peak performance. Whether you need on-site repairs, full rebuilds, or fast access to high-quality wear parts, our team is ready to deliver fast, reliable, and backed by experience.

From five fully equipped service bays to a massive inventory of critical components, we've got everything you need to minimize downtime and maximize results.
